& OTHER MINISTERS OF GOD

Supernatural Turnaround Testimonies

Jesus saves from sin, heals, delivers and settles the redeemed. Come and experience the settlement power of God this coming Sunday as illustrated by the following testimonies.

From Bareness to a Mother of Four

"I have been married for seven years without the fruit of the womb. Thus, I came to Covenant Day of Settlement service with full of expectations. I also came with two dresses as a point of contact for my miracle children and God visited me. I gave birth to a set of twins; boy and girl. In 2015, I felt sick, went to the hospital and to the glory of God, I was confirmed pregnant. I gave birth to another set of twins; two boys in 2016. I, a woman that was called barren, a woman that wished for just one child to be called a mother; today, I am a mother of four to the glory of God. I return all the glory to the God who specializes in what men call impossible!" — Chinye I.

From Grass To Grace!

"Three years ago, I told my parents that I wanted to get married. They said I didn't look like it. They said that I should not attempt getting married, because I would become a liability to them. Then I made up my mind to serve God patiently in this church and see what He would make out of me. Today, God has changed my level, three years after, I have a registered company. Now, I consult for three universities, pay salaries of 17 staff, I rebuilt my parents' house, I have a good accommodation and I am married with kids. The same people that said I would become a liability to them, now depend on me. I praise God!" — Gabriel, N.
