

Training to Operate in the Supernatural

Through Testimonies from Books and Proven Resources

Back in the year 2000, the Lord handed down this clear Mandate:

Go teach the world to operate in the supernatural, the Bible way. That is, re-enacting the Acts of the Apostles in all facets of human life.

Bringing the Bible days back to our streets.

Releasing the sons of God on the earth as pacesetters and solution providers.

Making the Kingdom of God real on the earth.

Teaching the hands of men to war and their fingers to battle so that a bar of steel can be broken by their hands – supernatural feats – Psalm 18:34.

Such feats definitely require training – Genesis 14:14. Furthermore, God said:

Set yourself and go ahead to demystify the supernatural.

Let them know that it is the heritage of every child of God to operate in the supernatural – Isaiah 8:18.

Let them also know that they can only command the supernatural by the Word—the Rod – Exodus 4:17.

Stir up the mentality of the redeemed for the supernatural – Proverbs 23:7

This is what this book is all about.
