HEALED OF MALIGNANT CANCER VIA PROPHETIC DECLARATION!

'In April 2025, I noticed blood in my stool, and I did not take it seriously. When it persisted, I decided to go to the hospital, where I was diagnosed with malignant cancer of the colon. I was further told that the only solution to it was surgery, but I chose to believe God's report. Thereafter, I began to engage the Word, praise and administered the kingdom mysteries.

In June, I was privileged to meet with Bishop David Oyedepo, and he declared, "Except the Lord has not sent me; you shall not die but live!" He also said, "That report is not yours!" Then, he gave me a Mantle. Lo and behold, the blood ceased. Without surgery, God healed me; I am strong and alive! I return the glory to God!

SUPERNATURAL RESTORATION!

'The year 2024 was declared our year of fortune, but mine started with misfortune as the house I stayed in was marked for demolition, and I was asked to leave in 48 hours. Also, I was facing some challenges at my place of work; what I used to do well was seen as not good. The very day the 21-day fast started was when I got the notice of the demolition, but I was not discouraged; I continued the fast. In fact, I created a WhatsApp group, designed my kingdom project and got the team. That same week, I got an invitation to write an exam in an organisation I did not even apply to. I did the interview, and it was successful. Within a week, I got my appointment letter with the benefits of a furnished apartment in an expensive part of Lagos. As if that was not enough, I was asked to come in with just my clothes, and the package is mind-blowing. Actually, it can cause one to speak in tongues; I earn in Nigeria as though I am abroad. Praise God!' — **Chukwu Queen**

SUPERNATURAL RESTORATION!

'I joined this Commission on 16th February 2014 and gave my life to Christ. Thereafter, things began to work in my favour. Between 2014 and 2018, I could not pay for a room with my three children, but after joining this Commission, I bought my car, moved into my own house and sent my children to the University. On 8th March 2024, I lost my job, and my wife ran into a huge debt. While trying to pay off the debt, I sold my car and landed properties. One day, the Holy Spirit told me the solution to my problem was in one of the books stacked on my shelf. Then I stumbled on the book Satan Get Lost and began to read it. I encountered God from the book and made a covenant to serve Him. Lo and behold, I, who was sacked from the position of internal security supervisor, got a job as the Chief Security Officer in a big company, and the salary is three times higher than my previous salary. I return all the glory to God!' — **Anthony Osuntimehin**

STOLEN CAR RETRIEVED VIA THE ANOINTING OIL!

'My official car was stolen, and there was no means of recovery because every document needed to trace it was in the car. Then, I remembered I had anointed the car as Bishop David Oyedepo instructed during the last Anointing Service in October 2024. Then I said, let the God of this Commission prove Himself, and if the car was returned with all its valuables intact, I would return to share the testimony. Lo and behold, on 8th November, the same person called and told me where to find my car. I told my company, and they aided me with security. Today, I have the car. I return all the glory to God!' — **Uche Chinagoro**

HEALED OF STROKE!

'During the 21-day prayer and fasting, I was attacked with a mild stroke; I could not move my limbs, and I was in severe pain. However, during the Liberation Mandate Celebration, I came to church, and suddenly, all the symptoms of stroke and the pain I came with disappeared without a trace. After the service, I went outside to walk around and realised I could walk freely. I am healed and can do the things I could not do before! I return the glory to God!' — **Gloria Akpabio**

SUPERNATURAL BREAKTHROUGH AFTER JOINING THE COMMISSION!

'After my university education, I could not get a job. As such, I got involved in teaching and other jobs. However, in June 2015, while discussing business with my friends, a sister approached us and handed us a flyer. My friends refused to take the flyer, but I did and saw Bishop David Oyedepo's picture on it. I recognised the Bishop's face; immediately, I remembered that during one of my projects in the university, we used his book for our research, and our project was the best. As such, I decided to come to church. While the Pastor welcomed those worshipping for the first time, he said that three months was enough for God to change our story. I held on to that and decided to settle here. Thereafter, I engaged in Matthew 6:33; I went out for soul winning and sowed transportation seed, and God showed up! In less than three months, God began to change my story. God gave me my own company. I, who used to live in a one-bedroom apartment, now own a mansion in a wealthy environment. I also became an advisor to the Mayor in my council, and I am in charge of lands and property. I return all the glory to the God of this Commission!' — **Koudou Gomez Lido (LFC Cote D'Ivoire)**

MARITAL RESTORATION!

'In 2015, my husband travelled out of the country for business and said he would return in three months. After three months, he refused to return; despite all efforts to reach him, he refused. On 2nd March 2025, I came for the Marital Breakthrough Service, and when I returned home from the service, my mother-in-law called and asked me to come out, and I did. Lo and behold, it was my husband I saw, and he told me he was fully back. I return all the glory to God!' — **Stella Akinyode**

BUSINESS BREAKTHROUGH VIA AN ENCOUNTER!

'For three months, my business was stagnated. However, on 6th July, I came to church and brought it to the altar to pray. Thereafter, I attended the Midweek Service, and while Bishop David Oyedepo ministered, he said, "Whatever He said to one, He said to all." He also talked about seeking first the kingdom of God, and every other thing would be added. I keyed into those words and believed God for my restoration. Lo and behold, I have been seeing God's hands in my business since then. I give God the glory!' — **Odiete Oghenekaro**

HOME SETTLED VIA FOLLOWING INSTRUCTION!

'For five years, my husband and I were separated. So, I increased my service in the kingdom, believing God for His intervention. In 2024, I came to Shiloh, and one of the things I wrote down on my request was my marital restoration, and God did it. My husband has returned home, and my marriage has been restored. Also, God saw all my children through their service year, and they are back with awards and working. To God be all the glory!'
