SHILOH TESTIMONIES

Encounters with the God of Shiloh — shared to the glory of God

TESTIMONY 1 OF 3

Miracle Baby via the Testimony of Another!

> 'I joined this Commission in September 2024 with a six-year medical report of infection, fibroid and typhoid. Also, I bled for several months, and this made me dry up. I went to several hospitals, but the situation was still the same. However, in one of the services, while Bishop David Oyedepo made declarations, he said that whatever came with us as a challenge would be terminated, and I shouted, "Amen!" So, I decided to rededicate my life to God. Thereafter, I did the Believer's Foundation Class and joined the sanctuary unit, where I served with all my heart. After I was diagnosed with a fibroid, the doctors told me I would not be able to get pregnant again. However, in 2024, I came to Shiloh and heard the testimony of a woman who received her miracle baby, and I keyed into it. Lo and behold, the week after Shiloh, I was confirmed pregnant! Today, I have my baby. I return all the glory to the God of Shiloh!'

TESTIMONY 2 OF 3

Marriage Restored via Encounter at Shiloh!

> 'In 2024, my husband and I were separated. However, in 2024, I came to Shiloh and prayed that my marriage be restored. Lo and behold, when I returned home, my husband called both families to settle the issues. Today, my marriage is not just restored, but God has also blessed us with the fruit of the womb, which we have been trusting for many years. I return the glory to God!'

TESTIMONY 3 OF 3

Rescued from Addiction!

> 'I came in contact with pornography at a young age, and as such, I began to masturbate, and for 15 years, I became addicted to it. Despite the shame and guilt, I got deeper into it and disconnected from God, even though I attended church. At some point, I prayed to God for help, but I would stop for a while and return to it. Meanwhile, I heard several testimonies of how God delivered people from that addiction, and I wanted the same in my life, but I had not genuinely surrendered the issue to Him. However, in 2025, I decided to fully reconnect with God and be committed to my relationship with Him. That same year, I attended Shiloh, and I laid the addiction at God's feet. Lo and behold, I received renewed strength. Since then, the desire to engage in that lustful act died. I return all the glory to God!'
