SHILOH TESTIMONIES

Encounters with the God of Shiloh — shared to the glory of God

TESTIMONY 1 OF 3

Generational Curse Destroyed via Encounter at Shiloh!

> 'I grew up knowing that my family suffered from a generational curse, marital delay and career stagnation. However, I came to Shiloh in 2017, attended the Marital Breakthrough Class and sowed my Shiloh sacrifice. Thereafter, the curse was broken. Today, I am married with two children, and I am divinely settled. I give God all the glory!'

— Nathan Teye (Ghana)

TESTIMONY 2 OF 3

Barrenness Terminated via Encounter at Shiloh!

> 'After the birth of my daughter 23 years ago, I trusted God for the fruit of the womb. For three years, I have been coming to Shiloh and attending the Fathers and Mothers of Nations Class. In one of the Classes, Pastor (Mrs) Faith Oyedepo said, "You have been coming to Shiloh, but this time around, you are coming with your baby to Shiloh 2024, or at least, with your pregnancy." Lo and behold, I came to Shiloh 2024 already pregnant, and in June 2025, I gave birth to my baby. However, before my delivery day, the doctor already told me that it would be a 50/50 chance: either the baby would survive or I would. So, I kept believing God that nothing would happen to my baby or me. I continued to engage in soul winning, and I led many people to church. I paid the transportation fee for all my new converts and kept serving in my unit. Today, my baby is alive, and I am also alive. Also, my baby, who, according to the scan, was supposed to be a girl, turns out to be a boy in my last scan report. I return all the glory to God!'

— Kehinde Janet Kazim

TESTIMONY 3 OF 3

Healed of a Chronic Cough via Encounter!

> 'For five years, I suffered from a chronic cough that defied medical explanation and resisted all treatments. I sought help from two different hospitals, underwent thorough examinations and completed every prescribed course of medication with diligence and hope, yet all effort proved abortive. The test results revealed nothing unusual, and the cough persisted. In my desperation, I turned to various herbal remedies and alternative treatments, yet there was no relief. The constant cough became more than a physical affliction, as it turned into an emotional trial. I was embarrassed in public gatherings, and over time, I felt isolated and misunderstood. In 2025, I attended Shiloh, and God healed me completely. The cough that tormented me for years has vanished. What medicine could not accomplish, God has done. I am restored, whole, confident and deeply grateful. To God be the glory!'

— Elder Maria Efosa
