SHILOH TESTIMONIES

Encounters with the God of Shiloh — shared to the glory of God

TESTIMONY 1 OF 3

Thirteen Years of Barrenness Terminated!

'We got married in 2012; thereafter, we trusted God for the fruit of the womb. After the 21-day Prayer and Fasting in 2021, we came to Canaanland, and we were privileged to meet with Bishop David Oyedepo. While he prayed for us, he touched our heads and declared, "You have your children already, congratulations!" Thereafter, the devil tried to discourage us, but we continued to hold on to the prophetic word. In 2024, we came to Shiloh, and while the Bishop ministered, I heard, "The wait is over!" I told my wife that would be our covenant greeting for 2025. Then, God showed up! In February 2025, my wife was confirmed pregnant. God sustained the pregnancy, and on 30th September, she delivered a baby girl. An hour after her birth, the devil tried to terminate her life, as the doctor said her oxygen had gone down to 55 per cent. I saw the confusion in their faces, and I did not know what to do. However, when they called me, I entered the room and spoke to my daughter. I said, "I will carry your children," and immediately, the oxygen went up to 92 per cent. Now, our baby is six months old. We return all the glory to God!'

Twenty-Three Years of Career Stagnation Terminated!

'In 2002, I got a job in an organisation, and the process of regularisation usually takes about a year. However, the process for mine started and was aborted. In the process, I had obtained two master's degrees and a PhD. In 2024, I came to Shiloh, trusting God for a shift, and during the Shiloh Hour of Prayer, Bishop David Oyedepo said, "Listen to God while you are asking." Then, I heard God say to my spirit, "Study the book of Exodus." As I was about to step down from the altar, where I served, I heard the Lord say to me, "What will you do for Me?" And I remembered the Covenant Hour of Prayer in my Zone that had been stopped. So, I told the Lord that I would partner with Him to resuscitate it. Despite the pressure to stay back, I left my job. Lo and behold, despite the challenges, hitches, and rejection, I got a full-time employment with a university. I give God all the glory!'

TESTIMONY 3 OF 3

Academic and Marital Stagnation Terminated!

'For ten years, I was stagnant academically, and I trusted God for marital breakthrough. Despite the challenges, I kept serving God in my unit and at the WSF level. I also engaged in kingdom advancement prayer. In 2024, I came to Shiloh with these requests. Lo and behold, in 2025, God gave me admission. That same year, I was gloriously married. I return the glory to God!'
