TESTIMONIES ON HEALING — TERMINAL AILMENTS

The following are first-hand testimonies shared by members of Living Faith Church Worldwide, celebrating the healing power of God over terminal and life-threatening conditions.

Healed of Breast Cancer via Prophetic Encounter!

In 2024, I felt a lump in my right breast, and I went to the hospital, where I was diagnosed with breast cancer. Thereafter, I was referred to LASUTH for treatment. That same year, I attended the Liberation Hour Service and served in the CCU unit. On 29th December, I went to the Honour entrance, desperately waiting to see Bishop David Oyedepo. As the Bishop came out of his office, he looked in my direction and pointed at me, so I moved close and knelt down. He laid his hand on me and said, "Come back with your testimony." On 13th January 2025, I had a dream where the affected breast burst and pus came out. Six months later, the oncologist asked me to go for a scan, which I did. Lo and behold, when the result came back, no mass was found in my breasts. Now, I am healed and cancer-free. I return all the glory to God!

Rescued from Strange Illness via Prophetic Encounter!

In 2023, I was afflicted with a strange illness; as such, I could not walk, and I was bedridden for six months. I lost about 30 kilograms, and no one could recognise me. However, my husband brought me to Canaanland to see Bishop David Oyedepo, and when he saw me, he too could not recognise me. Then, he laid hands on me and declared, "You and your husband are doctors; you have served and saved lives; you will not die, and from today, you will stop drying up!" Meanwhile, I consistently dreamt of death, but that day marked the end of those dreams. Thereafter, I began to gain weight. By December 2024, I stopped walking with aid; today, I am back on my feet. I give God all the glory!

Healed of Liver Disease via Kingdom Mysteries!

In April 2023, I was diagnosed with colon cancer. Also, I was told that my liver was a bit affected. On 21st October, I was operated on. Thereafter, I was told to go for chemotherapy, but I told God that chemotherapy was not for me. While I trusted God for my healing, I kept taking the Anointing Oil and Communion and told God to remember His covenant of longevity. After a while, I went for a CT scan twice, and my liver was no longer affected. It has been three months since the operation, and I am standing strong. To God be all the glory!

4**Healed of a Stroke!**

After I turned 50 years old, I suffered a stroke, and it was a very difficult season of my life. I was in and out of the hospital, and the doctors said that since I was approaching 60, I would likely remain on medication for the rest of my life. They also warned that if the stroke repeated, it would be very dangerous. Since then, I have been on medication and undergoing physiotherapy to manage my condition. In 2026, Bishop David Oyedepo instructed us to read the book *The Miracle Meal*; I obeyed and read it in faith. On 8th February 2026, during the Communion Service, I received my healing. Today, I no longer feel any pain or weakness. God has completely restored me. What the doctors said would remain with me for life, God has taken it away. I give Him all the glory!

5**Healed of Cervical Cancer!**

For one year and six months, I had cervical cancer. Each time I was sent some money for treatment, I gave it to God. Also, I engaged in soul winning tirelessly. In 2024, during Shiloh, I sowed another huge amount of money as my Shiloh sacrifice. Lo and behold, when I went back to the hospital for treatment, I was told there was no trace of cancer in me anymore. I return all the glory to God!

6**Healed from Cancer via Declaration**

On 16th October 2023, I was diagnosed with cervical cancer. I rejected the report and told the doctor it was not my portion. That same year, I connected to the cable station to Shiloh. While I sat in front of my television, I heard Bishop David Oyedepo say, "Now, you need to have your healing!" Immediately, something inside of me told me that was my word. So, I began to dance and praise God. The next time I went for a checkup, the doctor confirmed there was no trace of cancer in me again. I return all the glory to God!

7**Cancer Disappears via Shiloh Sacrifice!**

In 2023, I was diagnosed with cancer. Meanwhile, my mother and two of my sisters died of the same disease. I rejected the report and told God I belong to this Commission, and I am not permitted to die. So, that same year, I came to Shiloh. I sowed my Shiloh sacrifice and tied it to my healing. In the first week of January 2024, I went to the hospital and went through different tests. Lo and behold, when the results came back, I was declared cancer-free. I return all the glory to God!
